# SITUATION SUMMARY

## Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

### Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

### **Situation Overview**

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **CDPH Statewide Travel Advisory**

As of 04/02/21, CDPH and the CDC recommend delaying travel until persons are fully vaccinated. For more information visit: <https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/COVID-19/Travel-Advisory.aspx>

On 04/21/21, the State Operations Center (SOC) changed the reporting tempo for the COVID-19 Sit Stat and Trifold Reports from daily to once a week. Updated reports can be expected every Tuesday of each week until further notice.

# **SITUATION SUMMARY**

## **Coronavirus Disease 2019 (COVID-19) (Continued)**

### **Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 05/25/21 at 1100 hours:**

- 168,295,393 (+3,625,644) total confirmed cases
- 3,493,328 (+81,171) total deaths

### **Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 05/25/21 at 1000 hours:**

- 32,969,905 (+174,125) total confirmed cases
- 587,830 (+4,234) total deaths

### **Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 05/25/21 at 1100 hours:**

- 3,674,662 (+8,071) total confirmed cases

### **COVID-19 Vaccines Administered – Per Vaccine Task Force as of 05/24/21 at 2359 hours:**

- 36,511,557 (+1,706,671) vaccines administered
- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details

## **Cal OES INLAND REGION**

- Nothing significant to report.

## **Cal OES COASTAL REGION**

### **Everbridge Test, Del Norte County**

On 06/01/21 between 1100-1200 hours, the County of Del Norte Office of Emergency Services will be conducting a county-wide test of the Community Alert System (Everbridge) in anticipation of fire season. The test message will include:

- Suggestions for wildfire preparedness actions that residents can take.
- A polling question to gauge the individual's comfort with their current level of preparedness.

## **Cal OES SOUTHERN REGION**

- Nothing significant to report.

# PUBLIC SAFETY POWER SHUTOFF (PSPS) SUMMARY

PSPS Status		
PG&E	SCE	SDG&E

# CALIFORNIA 911 SYSTEM

## California 911 Outages

Northern California	Central California	Southern California
No 911 Outages	No 911 Outages	No 911 Outages

### 9-1-1 Outage/Remote/Community Isolation

#### Community Isolation, Multiple Communities, Contra Costa County (Final)

On 05/28/21 at 2156 hours, Comcast has reported a community Isolation affecting 56,175 VoIP users in Alamo, Bay Point, Clayton, Concord, Danville, Diablo, Lafayette, Martinez, Moraga, Orinda, Pacheco, Pleasant Hill, Pleasanton, San Ramon, Stockton, Walnut Creek (Contra Costa County)

- Time Outage Started: 05/28/21, 2102 hours
- Time Outage Reported: 05/28/21, 2135 hours
- Time of Resolution/Restoration: TBD
- Total Outage Time: 8 hours 24 minutes
- Jurisdiction(s) Affected: Contra Costa County
- Reason For Outage: Vandalism or theft.
- Wireless Users Impacted: No
- Wireline Users Impacted: No
- VoIP Users Impacted: Yes, 3251 users affected

#### Service Interruptions

- None reported

# WEATHER OF CONCERN

## NORTHERN CALIFORNIA

- Excessive Heat [Warnings](#) and [Watches](#) is in effect from Sunday afternoon through Tuesday evening for the Sacramento Valley, northern San Joaquin Valley, and adjacent foothills.
  - Hot conditions with afternoon highs in the upper 90s to 105 degrees.
  - Isolated locations may approach 108 degrees on the hottest afternoons in the central and northern Sacramento Valley.
  - Hottest afternoons are forecast to occur on Memorial Day (Monday) and Tuesday.
  - Widespread moderate to high heat risk.
- Isolated afternoon storms are possible over the Sierra high terrain this weekend.
  - Prepare for rapid temperature drops, small hail, heavy rain, lightning, and erratic outflow winds if a storm develops nearby.
- With hotter temperatures, a good portion of the last remaining snowpack may melt helping increase flows in mountain creeks and streams. While flows are expected to still be quite low for this time of year, the water will be fairly cold.

## SOUTHERN CALIFORNIA

- [Elevated Fire Weather Conditions](#) Monday through Friday.
  - Will impact Interior Valleys, mountains and deserts.
  - W-W gusts 25-40mph.
  - Low humidity, high temperatures and unseasonably dry fuels.

**Weather Advisories, Watches, and Warnings currently active in California:**

<http://www.wrh.noaa.gov/hazardSummary/?state=ca>

**Active Weather Warnings, Watches and Advisories by County:**

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

# **WEATHER KEY POINTS**

**05/30/21 - 06/05/21**

## **Sunday - Saturday**

- Mainly dry weather continues through the holiday weekend and much of next week, with the exception of isolated showers and thunderstorms possible over the Sierra and other inland mountains
- Hot temperatures will continue over much of the state through the middle of next week, with widespread 100 degree readings expected across the southern deserts as well as much of the Central Valley. Moderate to locally high heat risk is expected. Poor overnight recovery is also expected, especially Monday and Tuesday.
- Locally gusty winds of 25-40 mph and very dry conditions will produce elevated fire weather conditions each day, especially along mountain slopes
  - These winds will likely be strongest across the southern California mountains and deserts through the middle of the week
  - This also includes some breezy offshore winds expected in northern coastal areas and surrounding mountains Sunday through Tuesday

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Missions

- **2021-LAW-63601, 05/29/21 at 1215 Hours:** The AFRCC contacted CalOES regarding a PLB activation in Los Angeles County, 34.264470, -118.0900002. The coordinates plotted on CA-2 (Angeles Crest Highway) near Mt. Sally. LASD was contacted, provided the information and at 1400 hours advised that this location was where a motor vehicle accident had occurred. All necessary action had been conducted and the injured party was taken to the hospital. The PLB was not located but assumed to be activated by a passerby signaling for help. LASD and CHP cleared the scene. At approximately 1515 Hours, the AFRCC contacted CalOES Law Branch to advise that the device was activated again. It had been in "No-Detect" since 1245 hours. The Law Duty Officer (LDO) contacted LASD to advise of the updates. The new coordinates (34.368380, -117.989337) plotted approximately 18 miles to the north of the accident site and on the PCT at the Sulphur Springs Trailhead. At approx. 1621 hours LASD deployed SAR resources into the field. As of 1800 hours the device remained stationary. At 1900 hours LASD located the device and user and silenced it as there was no emergency. The owner of the device did not know how to turn it off after passing by the accident site earlier in the day; AFRCC advised. **Mission Closed.**
- **2021-LAW-63599, 5/29/21 at 1140 hours:** The IERCC contacted CalOES Law Branch to report an InReach activation where a subject was injured and receiving CPR from members in his hiking party. They were in Tuolumne County near Cherry Creek, 38.099320, -119.801938. Tuolumne Sheriff's Office was contacted, and rescue efforts were put underway. CHP's Helicopter (H-40) responded and located the hiking party. The subject was confirmed deceased and hoisted to a nearby heliport for transportation. The remaining parties were left behind with intentions of hiking out un-assisted. **Mission Closed.**

# Cal OES MISSION TASKINGS

## Cal OES Missions

- **2021-TACCOM-0422:** Kit-1 and HQ-10 of Sonim phones to Chico State and the CPUC for their annual Cellular speed test. Typical usage time is 30-45 days.

# *Cal* OES

---

GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
